SUMMARY

Computer Science student passionate about building practical web applications and AI-powered solutions. Experienced in developing full-stack and AI projects through hands-on work. Quick learner who enjoys solving real-world problems and creating clean, user-focused applications.

EDUCATION

Rama University Bachelor of Technology (Computer Science & Engineering) Kanpur, India	<i>Aug 2024 – Pursuing</i>
K.R. Education Centre Senior Secondary (CBSE) Kanpur, India	<i>2022 – 2024</i>
Ambition Convent School Secondary (CBSE) Ballia, India	<i>2020 – 2022</i>

TECHNICAL SKILLS

Languages: JavaScript, Java, SQL, HTML5, CSS3
Frontend: React.js, Bootstrap, Tailwind CSS
Backend: Node.js, Express.js
Database: MongoDB, MySQL
Tools: Git, GitHub, VS Code, Postman, Docker
Platforms: Windows, Vercel, Netlify
Soft Skills: Problem Solving, Teamwork, Communication, Quick Learner, Time Management

EXPERIENCE

Software Developer Intern RCS Global Limited - Developed a Recruitment Management System during my internship to streamline recruitment-related processes. - Built the frontend using HTML, CSS, Bootstrap, and JavaScript, with a Java backend and MySQL database. - Worked on developing user-friendly interfaces and database-driven recruitment workflows. Tech Stack: HTML, CSS, Bootstrap, JavaScript, Java, MySQL	<i>Aug 2025 – Jan 2026</i>
--	----------------------------

PROJECTS

- AI Face Detector**
- Built an AI-powered face detection and recognition system with real-time camera support and known-person management.
 - Implemented FastAPI backend, YOLOv8 face detection, FaceNet-based embeddings, and SQLite storage.
 - Developed React/Vite/Tailwind frontend with detection overlays, recognition results, multi-photo enrollment, analytics, and history.
- Dev Portfolio**
- Developed a responsive personal portfolio using React and Vite to showcase projects, technical skills, and developer profile.
 - Implemented a clean and responsive interface for desktop and mobile devices.
- Learning Management System (LMS)**
- Developed a web-based LMS for students and teachers using HTML, CSS, JavaScript, and Bootstrap.
 - Implemented user authentication, course management, quizzes, progress tracking, and responsive UI.

CERTIFICATES

• Software Developer Internship Certificate – RCS Global Limited	<i>Jan 2026</i>
• AWS Cloud Practitioner	<i>Jun 2025</i>
• Internal Smart India Hackathon (SIH) Winner – Rama University	<i>Aug 2025</i>
• Innoventure – Institution Innovation Council – Rama University	<i>Feb 2025</i>
